

Off U

Bay Ledges

I'm getting my mind off u
I'm gonna be fine so soon
I'm getting my mind off u
I'm gonna be fine so soon

Another day, I was sitting on the roof
I was looking at the view and thinking about you
Hollywood sign, of you
Lemon trees in the fading sunlight
Another day I was sitting on the roof
With the birds flying through and wishing I could too
Keeps me up high, (dang dang) spanish songs from the cars going by
Now I'm getting my mind, off u
I'm gonna be fine so soon
Now I'm getting my mind, off u
I'm gonna be fine so soon

So soon
Ooff u

I've been stuck here in this house
Just tryna save up but tonight I'm going out
To be with everyone (e-e-e-e-everyone)
Makes it let this sip on the tip of your tongue

I'm getting my mind, off u
I'm gonna be fine so soon
I'm getting my mind, off u
I'm gonna be fine so soon

Close your eyes and dance
In the colored lights, dancing in
Colored lights
Close your eyes and dance

Another day I was sitting on the roof
I was looking at the view and thinking about who
I could be now, (dang dang) it's like my world opened up with a brand new st
art

I'm getting my mind, off u
I'm gonna be fine so soon
I'm getting my mind, off u
I'm gonna be fine so soon
I'm getting my mind, off u
I'm gonna be fine so soon
I'm getting my mind, off u
I'm gonna be fine so soon

Ooff you
So soon
Ooff you
Ooff you
Be fine

Lemon trees in the fading sunlight
Another day I was sitting on the roof...
