

This Heart

Bay Ledges

I'm tired of touching myself
I'm tired of waking up the same way

Outside the sun is coming out
I got too many reasons to be ashamed

It's all in mind, it's never satisfied
It's all in mind, it's never satisfied

This heart of mine

I like to cover myself
I try to show you, I know my way

I got nothing here under my belt
Just another player trying to get ahead of the game

It's all in mind, it's never satisfied
It's all in mind
(Yeah, yeah)
It's all in mind, it's never satisfied

This heart of mine

But when I saw you, I wanted to fly
Yeah when I saw you I wanted to die

She don't know, she don't know
She don't know, she don't know
She don't know, she don't know
She don't know, she don't know
She don't know, she don't know

This heart of mine, it's never satisfied
This heart of mine
(Yeah, yeah)
This heart of mine, it's never satisfied

She don't know, she don't know
She don't know
(Yeah, yeah)
This heart of mine
(Yeah, yeah)
She don't know, how much she don't know
She don't know, how much she don't know
