

Be In Love

BAYNK

I could tell that she wanted love
Looking for someone in troubles
Take a ride in Hollywood
Looking like I belong at all
And told me, "Like, you wanna fuck?"
I just wanna see her undress
The other people in this club go
And talk to you like I'm in love
People in this club go
And talk to you like I'm in love
Don't pretend like you don't feel in love
Go outside, now go, go take it, it's no rush
Never known to be in love
Never thought I'd fall in love

Be in love
Be in my heart
Girl, that's what you wanted, right?
That what she said that she wanted, right?
Mm, be in love
Be in my heart
Girl, that's what you wanted, right?
That what she said that she wanted, right?

This just another worry, love
There's something else to worry 'bout
So little mess to worry 'bout us

Be in love
Be in my heart
Girl, that's what you wanted, right?
That what she said that she wanted, right?
Mm, be in love
Be in my heart
Girl, that's what you wanted, right?
That what she said that she wanted, right?

Mm, be in love
Be in my heart
Girl, that's what you wanted, right?
That what she said that she wanted, right?
