

Blood

BAYNK

Blood
It's a rush
It's a garden
It's your God

And truth
Draw your sword
At your sternum, I adore you girl

It's no wonder
We're insane
Things I've tried just to heal this brain
Can't get outta my outta my way
I know time that can heal all things
Can't get outta this goddamn race
Catching a dream and
Don't know what's real and
If it's a screening
How can I cede it
Can't shake the feeling
It's turning to

Blood
It's a rush
It's a garden
It's your God

And truth
Draw your sword
At your sternum, I
I adore you girl
It's no won...

Breathe, breathe
Trying to breathe
Breathe
I don't see her
It's a past time
