

DOWN

BAYNK

Laughing in the water
Curling up beside ya on the bed
Bed

Laughing in the water
Curling up beside ya on the bed
Bed

And I think I want down
And I think I want down

Hate the thought of letting go like I always do
Caught me in the undertow like you always do

Laughing in the water
Curling up beside ya on the bed
Bed

Laughing in the water
Curling up beside ya on the bed
Bed

And I think I want down
And I think I want down

Hate the thought of letting go like I always do
Caught me in the undertow like you always do

Come catch you when you're sliding
I can't help but try to
Find you through the silence
Hope that's not misguided

(I never said I knew what I'm doing)
Down
And I think I want down
(Come catch you when you're sliding)

Hate the thought of letting go like I always do
Caught me in the undertow like you always do
(Come catch you when you're sliding)
