

# Fool For You

BAYNK

I'm so dependent on your blood  
It's all or nothing babe  
I don't trust you anymore  
You don't love me like before  
Your curtains are ripped out of the walls  
And the seams on your pants are breaking up

For you  
Ahhhh  
It's a 100 times and evermore I'm a fool for you  
Ahhhhiii, love you  
It's a 100 times and evermore I'm a fool for you

I'm a fool for this love and everything you  
Fool for this love and everything you do  
Fool for this love and everything you  
Fool for this love and everything you do

You don't love me anymore  
Dead leaves are piling at the door  
And the rot is seeping through the floor

For you  
Ahhhh  
It's a 100 times and evermore I'm a fool for you  
Ahhhhiii, love you  
It's a 100 times and evermore I'm a fool for you

I'm a fool for this love and everything you  
Fool for this love and everything you do  
Fool for this love and everything you  
Fool for this love and everything you do  
(Ahhh)  
Fool for this love and everything you  
Fool for this love and everything you do  
(It's a 100 times and evermore)  
I'm a fool for this love and everything you  
Fool for this love and everything you do

For you

I'm a fool for this love and everything you  
Fool for this love and everything you do  
Fool for this love and everything you  
Fool for this love and everything you do  
(It's a 100 times and evermore I'm fool for you)  
Fool for this love and everything you  
Fool for this love and everything you do  
(It's a 100 times and evermore I'm fool for you)  
I'm a fool for this love and everything  
Fool for this love and everything you do
