

## Go With U

BAYNK

I go with you  
With you

Crazy  
Staring at your body in amazement  
Feel me sinking deeper in your ocean now I know  
I'm too far out in the waters now to float

New light  
Started in your bedroom on those blue nights  
Swimming in the shallows of those blue eyes  
Knew that I was yours before the sunrise

Faster  
Never thought I'd be the one to dive first  
Feet can't touch the bottom and the tide's worse  
Falling for you bad but it's a nice hurt

Don't save me now, now  
Don't save me now, now

Crazy  
Staring at your body in amazement  
Feel me sinking deeper in your ocean now I know  
I'm too far out in the waters now to float

Cold hands  
Desperate for the places they don't know yet  
Tasting even sweeter in the morning  
God you shouldn't come without a warning

Don't save me now, now  
Don't save me now, now

Crazy  
Staring at your body in amazement  
Feel me sinking deeper in your ocean now I know  
I'm too far out in the waters now to float

Crazy  
Staring at your body in amazement  
Feel me sinking deeper in your ocean now I know  
I'm too far out in the waters now to float
