

And for us it won't be long
I've been waiting for this for so, so long
I love the way you walk and talk to me
It's like everything I've ever dreamed of baby

Move your body
To the rhythm
Feel the heat and
Touch the ceiling
We could get it
In a minute
You'll be dancing
I'll be grinning

Move your body
To the rhythm
Feel the heat and
Touch the ceiling
We could get it
In a minute
You'll be dancing
I'll be grinning

When I see your face
I feel electricity rushing through my veins
And I just can't hold it back anymore
I feel love for you like nothing I've ever felt before

Baby, I
Move your body
To the rhythm
Feel the heat and
Touch the ceiling
We could get it
In a minute
You'll be dancing
I'll be grinning

Move your body
To the rhythm
Feel the heat and
Touch the ceiling
We could get it
In a minute
You'll be dancing
I'll be grinning

You'll be dancing
I'll be grinning
You'll be dancing
I'll be grinning
You'll be dancing
I'll be grinning
You'll be dancing
I'll be grinning
