

KISS ME

BAYNK

Kiss me
Tell me something I don't know
Kiss me
Tell me something I don't know

Kiss me
I'm okay
The more you miss me
Tell me something I don't know
Your loving
I will love you
Give all my love, baby, come my way

Come my way
When you fall back, you're teasing me
Give me all your loving heart
I want all your loving
Give me all your loving heart
I want all your loving
I want all your loving
I want all your loving

Gimme all your loving heart
(All your loving)
Gimme all your loving heart
(All your)
Gimme all your loving heart
(All your loving)
Gimme all your loving heart
(All your)

Kiss me
I'm okay
The more you miss me
Tell me something I don't know
Your loving
I will love you
Give all my love, baby, come my way

(Tell me something I don't know)

Kiss me
I'm okay
The more you miss me
Tell me something I don't know
Your loving
I will love you
Give all my love, baby, come my way

Kiss me
I'm okay
The more you miss me
Tell me something I don't know
Your loving
I will love you
Give all my love, baby, come my way
