

Simmer

BAYNK

I could turn the lights off
Put this thing to bed
Cause lately I've been so lost
Turned to you and said

That I keep falling out
Tell me when you're coming back
Down to earth for long
Cause I want you back over again

I want you back over again (ohh)
Over again
I want you back over again (ohh)

We could take it so slow
Or we could find a way to
Keep one of the lights on
Whenever you're away

Cause it's still your voice that I hear in my head
No matter the time of day
The space in between us is melting away
Yet I still forget to say it

I keep falling out
Tell me when you're coming back
Down to earth for long
Cause I want you back over again

I want you back over again (ohh)
Over again
I want you back over again (ohh)

I want you back over again (ohh)
Over again
I want you back over again (ohh)

Simmer down let's go
To the place we loved

Simmer down let's go
To the place we loved

Simmer down let's go
To the place we loved

Simmer down let's go
To the place we loved

Simmer down let's go
To the place we loved
