

Water

BAYNK

Something's in the water and it's giving people nightmares
Seeing into heaven but we don't know how to get there
Chasing feelings pacing back and forth
What are all the empty places for
Riding a lavender line
Somebody make up my mind

Make up my mind
Somebody make up my mind
Make up my mind
Somebody make up my mind

Something's in the water and it's giving people nightmares
Seeing into heaven but we don't know how to get there
Chasing feelings pacing back and forth
What are all the empty places for
Riding a lavender line
Somebody make up my mind
