

All Alright

Bayside

"Be okay"

Doesn't mean much to say it

Now I'm alright

Now I'm giving you yours and I take back what's mine

And I've come to the end of the road again

Still not too sure about what I'm supposed to do

And I give you my life again

Thought that it'd make any difference to you

And I wanted (wanted) to say

I am trying to let you know how much I care

And I am trying to let you know don't count on me

And I am trying to let you know how much I care

Please send my letters back

Don't send them here

Please send them to all you know who care

'Cause I know it's not me
