

2022

Bazanji

Yeah yeah  
We here  
2022  
Let's go

My mind been working like a mile a minute  
It took a little time but I'm back to business  
I'm coming all year cuz I had to finish  
And the flow too sick that's a real pandemic  
Everyone dropping some mid these days  
I only listen to my own shit these days  
And as of late it be looking like a real thin line  
Between jealousy and hate these days  
What's the problem  
I don't ever got one  
I done paid my dues  
And now I'm back to ballin'  
A lotta options  
I got involved in  
I don't make the rules  
But I be shot callin'  
I never fake it  
My bank inflated  
My brother just called  
Like damn you made it  
They busy hating  
I'm stacking paper  
They sold they soul  
Now they friends with Satan  
I'm doing what I wanted when I started as a kid  
And ain't nobody thinking I would end up like this  
I never been the type to get all caught up in the mix  
I rather be alone spending time in the crib  
Rap game looking like high school now  
And everybody buying some fake views now  
I ain't ever been too scared of defeat  
And my fans know Imma stay ten toes down  
I take a risk  
I put own money up  
My homies solid  
And they know who I trust  
These rappers cappin' when showing me love  
They calling me bro but we never met up  
What's the motive  
I don't second guess it  
I been the coldest  
My ice expensive  
I'm in control  
And that's not to mess with  
I'm climbing up  
While they see the exit, yeah  
2022 I'm here  
Schoolboy Q I'm the man of the year  
I got big plans that a man should fear  
And I bet on myself got a gambling career  
The conversation got my name deleted  
The tables turned but I still be feeding

The haters mad they got another reason  
Bazanji back for another season
