

BOSS

Bazanji

Aye, aye
Know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss
Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss
Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss

Got an ocean view from my balcony
I've been on top and they been coming after me
I cannot stop I'm a run it like a track meet
Lot of people quit too soon, what a tragedy
Never miss the moment, I live it and then I own it
Most of y'all would rather go see it just to record it
I don't need the internet to tell me I'm important
'Cuz I am who I am and they already

Know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss
Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss
Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss

Know they see the boy when I'm coming through
Never gon' be taking no L's only W's
I remember back in the day I had a lot to prove
Now I've been settling down and getting comfortable
I just checked my bank account and saw three milli
I've been traveling the world going city to city
I put my phone down tell everybody that I'm busy
I don't even got to say it 'cuz they already

Know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss
Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss
Got to listen when I talk
I don't even care what it costs
'Cuz I know that I'm a boss

Follow my steps when I walk
I don't ever take no L's
'Cuz I know that I'm a boss
