

# Everything Will Be Fine

Bazanji

I know Imma get it I just don't know how  
I've never felt how I feel right now  
But everything is alright  
Everything is alright  
And mama don't worry Imma make you proud  
I know you're scared but it's gonna work out  
Everything will be fine  
Everything will be fine

I'm sorry for the times that I ever let you down  
When we got in arguments about me goin' dropping out  
But just know that everything I do I'm doing it for you  
And I know it's gon' work out but I just need some time to prove  
Thinking back to when I finished college almost left the town  
I was focused on the music I just wanted to surround  
Myself with all the stars thinkin' they would help me shine  
But really had to focus on what I had built inside  
'Cause I know Imma get it but just know it takes time  
I hate to see you worry but just know that I'll be fine  
I'm waiting for the day when we can sit and reminisce  
Imma take you 'round the world and buy you anything you wish  
But for now, just know that I been workin' more than ever  
I know that Imma get it so the family livin' better  
I know that you still love me but I wanna make you proud  
I can't wait to see you smiling up in front of the whole crowd

I know Imma get it I just don't know how  
I've never felt how I feel right now  
But everything is alright  
Everything is alright  
And papa don't worry Imma make you proud  
I know you're scared but it's gonna work out  
Everything will be fine  
Everything will be fine

I know that I owe you back for everything you've done  
You left your happiness to help me pay my college funds  
Livin' all alone in a place that you've never been  
And you worked your whole life to put me in a place to win  
So I can't stop now, no I won't stop now  
And I know that Imma get it but I don't know how  
Either make it as a dentist or just make it through the music  
You gave me everything you got just know I'll never lose it  
Nothing in this life I got can ever be for certain  
But Imma make work it and make your hard work worth it  
And as the clock ticks I know you're deep down hurtin'  
I'm doin' everything I can to make sure it don't worsen  
But now, just know that I been workin' more than ever  
I know that Imma get it so the family livin' better  
I know that you still love me but I wanna make you proud  
I can't wait to see you smiling up in front of the whole crowd

I know Imma get it I just don't know how  
I've never felt how I feel right now  
But everything is alright  
Everything is alright  
I tell 'em don't worry Imma make you proud

I know you're scared but it's gonna work out  
Everything will be fine  
Everything will be fine

You know  
When you're working towards something  
And you don't see any signs in return, but  
You have a feeling that it's really gonna happen  
But you just never know when  
It could be tomorrow, it could be the day after  
Or it could be a year from now, but  
You just know if you keep working  
Something's gonna happen  
And people askin' about you and wanna see results  
But you've got nothing to show 'em  
But I guess only time will tell  
'Cause if it was easy, everybody would have it  
But only the people that work really got it  
So that's just how it goes  
And respect to those  
Who been doin' what they love  
And keep it goin'
