

# Flexin'

Bazanji

I just pull up and I'm flexin'  
I been busy counting blessings  
Shawty asking for directions  
Told her meet me in the bedroom  
Coming back with a vengeance  
I been working on my mental  
We are never in the same league  
All my shit owned, not a rental

Diamonds got 2 V's, that's a W  
Do not include me with these other dudes  
I do not lose sleep over none of you  
Whole lotta loose leaf running outta room, yeah  
Know how I handle my business  
I keep it going no limits  
100 percent, that's a moneybag, money grab  
Drop then I'm dropping again and I run it back, run it back, yeah  
Running through the east side  
Took it down south, now I'm living out beachside, yeah  
Living out my raps, only talking bout facts  
Everybody know, I ain't gotta remind, yeah  
It's a new era but it's still no cap  
Make a hit then I go and hit rewind, yeah  
Everybody tryna keep up but I ain't gon' stop  
You just getting left behind, behind

I just pull up and I'm flexin'  
I been busy counting blessings  
Shawty asking for directions  
Told her meet me in the bedroom  
Coming back with a vengeance  
I been working on my mental  
We are never in the same league  
All my shit owned, not a rental

Same side, never switch it up  
Some of y'all gotta just go head and give it up  
I'm boutta cop me a Bentley truck  
Just cuz I want it, I don't really give a fuck  
What they be thinking of, only be caring bout real ones  
Shoutout the fans who be showing the real love, yeah  
Been through a lot and I seen enough  
Put all the food on my plate and I'm eating up, yeah  
City on my back like Lebron  
Feeling like Superman, put my cape on  
I'll never forget what I came from  
I'm tryna go down with the great ones  
All my idols turn to my rivals, I play all day for the title  
Some of y'all just play for survival  
We cannot relate, this life not recitals, yeah

I just pull up and I'm flexin'  
I been busy counting blessings  
Shawty asking for directions  
Told her meet me in the bedroom  
Coming back with a vengeance  
I been working on my mental

We are never in the same league  
All my shit owned, not a rental
