

# FOREIGN

Bazanji

Aye

I like my cars foreign  
I like my girls foreign  
Travel the globe, I done it all  
Like I be world touring  
I get my gold straight from Dubai  
None of my chains imported  
This is the life that I used to dream  
Now I be living the moment

They can't phase me

Countin' my rings like I'm Tom Brady  
Rolex, AP  
Based on the day  
Make my pick like I'm playin' safety  
Beat too cold and the flow so crazy  
Check my account get paid by the day  
When I wake up I do whatever I choose  
Nobody gon' tell me what I can say  
Never gon' fail  
Never was fake just to get some sales  
Never told lies for me to excel  
I did it my way by keeping it real  
Don't trust nobody in this game  
They only care about their own gain  
Been myself and I still got paid  
No matter the price I'm never gon' change, aye

This is the life that I used to dream  
Now I be living the moment

Been putting myself first

They tryna use me but it won't work  
Took my kindness, turned it to weakness  
Won't let them tell me what I'm worth  
Did some things that I can't explain  
Made some choices I would've changed  
Already seen the snakes in the grass  
If I get bit then I can't complain  
Focused on getting the bag  
I got a whole lotta weight on my back  
Been under pressure from 2011  
But no matter what I'm staying on track  
I got my people that I gotta feed  
I got my goals I gotta achieve  
Nobody stopping me from where I'm goin'  
I know I can do anything I believe, aye
