

# GOAT

Bazanji

Yeah

They wanna know how to get like me  
Dream so big that I cannot sleep  
Put in that time and I put in that grind  
I'm the best in the world that's all I see  
Never back down I'm standing strong  
They gonna talk but they all been wrong  
What they gon' say when I keep going up?  
What they gon' do when I don't fall off?  
Look at my skills, looks at my flaws  
Never been perfect, I'm not a God  
But I'm a GOAT  
I been the greatest whenever I spoke  
Looking around and they doing the most  
Whatever I touch I turn it to gold  
Tell 'em there's levels to be in the game  
They wanna compete but they not coming close, no  
Imma keep goin' again and again  
Whatever I want Imma get  
They gon' be saying they knowing a friend of a friend  
Whenever I become the best  
I don't be spending my time on the internet  
I just be living it out in the flesh  
I don't need nothing to motivate me  
Winners are never gon' wait for success, yeah

Look at my neck, shinin'  
Look at my bank, commas  
Look at my wrist, AP  
Who is the GOAT? I am  
Look at my neck, shinin'  
Look at my bank, commas  
Look at my wrist, AP  
Who is the GOAT? I am

Aye

Got more money and I got more problems  
All that I want is peace and quiet  
They all been bothering me  
So I gotta keep my phone on silent  
No matter the outcome  
Already know that I always keep on trying  
They wanna do business  
But I gotta be a partner, not no client  
I'm not like the rest  
Too damn smart and they still wanna test me  
Move to the MIA and I'm running my team like Messi  
Everyone good all around me  
I'm giving out bands like candy  
Not Halloween but they still be fake  
No wonder they don't understand me  
I still got a long way to go  
All that I do is for me not for show  
I don't like putting no pressure on me  
But lately I needed it all just to grow  
I had to step out of my comfort zone  
Give it some time and leave it alone

Now that I'm back and I'm ready for more  
I'll give 'em a reason to call me the GOAT, yeah

Look at my neck, shinin'  
Look at my bank, commas  
Look at my wrist, AP  
Who is the GOAT? I am  
Look at my neck, shinin'  
Look at my bank, commas  
Look at my wrist, AP  
Who is the GOAT? I am
