

# Lookin' Back

Bazanji

Got a lotta shit that's going on  
I been dealing with it all  
I been building getting stronger  
They ain't ever leaving me alone  
Always calling up my phone  
Asking for the bankroll  
I just had to leave my own city  
Got my family on the phone  
Telling me they all miss me  
I ain't coming back until I'm on though  
I ain't looking back no  
Never looking back no

I had to give up who I love just to get what I love  
Have you ever felt the feeling when you know everybody watching everything you do  
Tryna see if you really got enough  
I know I'm gon' break through  
I just pray to God that I don't give up  
I'm feeling so thankful but also feeling unstable  
I know this shit is finally close  
I hope that I'm finally able  
To do the shit I been waiting for  
All these years that I been praying for  
I can't ever lose myself  
Only thing I'm in danger for  
All the fast cars and the big house  
All the shit I see in my mind  
It's too easy getting too lost  
In all the shit I'm seeing online  
You can hear the pain in my voice  
Give it everything that I got  
Hope they love me for who I am  
Not for everything that I'm not  
C'mon

Got a lotta shit that's going on  
I been dealing with it all  
I been building getting stronger  
They ain't ever leaving me alone  
Always calling up my phone  
Asking for the bankroll  
I just had to leave my own city  
Got my family on the phone  
Telling me they all miss me  
I ain't coming back until I'm on though  
I ain't looking back no  
Never looking back no

I been through a lot  
See myself being at the top  
The life I'm living crazy  
All the money, liquor, ladies  
I can't ever let it get the best of me  
Cuz one fall gon' be destiny  
I know they watching me close  
Waiting 'til I lose what's meant for me

I always gotta stay in control  
I know the world we live in so cold  
I did a lot and I came so far  
A lotta things still got me scarred  
But I'm won't look back now  
It's already done so man up  
It ain't about how deep you fall  
It's all about how you stand up, yeah

The life I live  
Voice inside gotta make me think  
Will you risk everything that you got  
Tryna make it all up to the top  
I'm ready now it's a long road  
It's too late I can't back out  
Take lead I won't ever fold  
If you built strong you won't break down, yeah

Got a lotta shit that's going on  
I been dealing with it all  
I been building getting stronger  
They ain't ever leaving me alone  
Always calling up my phone  
Asking for the bankroll  
I just had to leave my own city  
Got my family on the phone  
Telling me they all miss me  
I ain't coming back until I'm on though  
I ain't looking back no  
Never looking back no
