

Minimum Wage

Bazanji

I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation
I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation

I still remember the days
Driving delivery not getting paid
I started rapping and everything changed
Travel to Italy I celebrate
Everything that I been doing
Closing the doors but Imma break through 'em
Cop me a foreign but I want a new one
Look like a tourist but I'm speaking fluent
Came a long way from my younger life
None of this happening overnight
Put in a decade of work
My resume speaks for itself
These rappers be looking like socialites
I'm not the type for comparisons
Allergic to losses like Claritin
Believed in myself when nobody would
Remember they told me I'm arrogant

I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation
I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation

The longer the journey the better the outcome
They got a label, did it without one
Don't need to fake it, I cannot stand 'em
Been dedicated, this is not random
I been doing this for a minute

Put in the time now I get to live it
Travel the world, I gave it a visit
Then I'm getting back to the business, aye
I'm Bradley Cooper when I'm feeling limitless
Making the money and then I be giving it
Back to the people who raised me
I take the rest, I invest and I'm flipping it
The industry full of some snakes
Live in the moment then I'll get away
I take advantage of all of my chances
When I look back on how far that I came, yeah

I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation
I still remember the days
When I was working for minimum wage
I looked myself in the mirror
Told myself I gotta switch up my ways, yeah
Now I be living amazing
I'm never gon' be complaining
Turned myself into a boss
Twenty four seven feel like a vacation
