

ONE DAY

Bazanji

Aye, yeah

One day, Imma have everything I wanted
One day, I will not forget where I started
One day, I'll be looking back like I made it
One day, this could be my last I can't waste it
One day, I will not be thinking 'bout the money
One day, I can tell my fam not to worry
One day, Imma get a house with no neighbors
One day, this could be my last I can't waste it

Aye

Never in a rush but I'm always on time
Never switching up, I don't gotta pick a side
If they acting fake with me then I'm cutting ties
Always kept it real and I know they realize
The power from manifesting your destiny
I could never fail 'cuz I'm already rich mentally
Never been to jail but these bars were always meant for me
Tryna be on top of the world and that's my legacy, yeah
I never made excuses, never blamed nobody else
They never lent a hand so I did it by myself
Now I control my storyline
Imma be immortalized
I can't be replaced by nobody on the shelf
A decade in the game and I still been undefeated
And if it's getting close then you know I buzzer beat it
'Cuz they don't work as hard as me
They don't have consistency
They gon' witness Baz making history

One day, Imma have everything I wanted
One day, I will not forget where I started
One day, I'll be looking back like I made it
One day, this could be my last I can't waste it
One day, I will not be thinking 'bout the money
One day, I can tell my fam not to worry
One day, Imma get a house with no neighbors
One day, this could be my last I can't waste it

Aye

Living in the moment I don't be up on the internet
Looking at these other rappers, most of them came and went
People did me dirty now they wanna try to make amends
I do not forgive and I'll make sure they don't forget
Killing them with success
Know that I been up next
Taking all my kindness for weakness
No respect
I don't do no back and forth
I ain't with the nonsense
When they see me winning
They be upset, yeah
Can't relate to weak minds
They been on the decline
Imma put myself first
Never coming behind anybody else
I had to beat the game with the cards I was dealt

And now I'm at the dealership giving it a test drive
Gave my mom a X3, now she need a X5
Lookin' at my net worth just to get me inspired
Add a couple more M's and I know that I'll be just fine

One day, Imma have everything I wanted
One day, I will not forget where I started
One day, I'll be looking back like I made it
One day, this could be my last I can't waste it
One day, I will not be thinking 'bout the money
One day, I can tell my fam not to worry
One day, Imma get a house with no neighbors
One day, this could be my last I can't waste it
