

# One / Done It Before

Bazanji

One is the loneliest number that you'll ever do  
Two can be as bad as one, it's the loneliest number since the number one

One is the loneliest number that you'll ever do  
Two can be as bad as one, it's the loneliest number since the number one

Lately I been losin' friends, I been caught up in the music  
They can't see it through my lens, they just think I make excuses  
I been busy tryna do it while they busy tryna bullshit  
And when I'm about to blow they gon' be comin' around that's true shit, I'm  
knowin' the way that it go  
They tellin' me that I'm alone  
I'm workin' to get it, they never gon' get it they gotta go take out a loan  
This life won't last forever, I been thinkin' bout tomorrow but I'm livin' i  
n the present, they been lookin' out to follow I'm not made for that, I won'  
t pay for that  
I'm my own boss, neva changing that can't hold me back when I'm on the map,  
Imma do it all, never savin' that  
But it takes time, and I know that  
It's neva been simple I chose that  
I'm coppin a crib for the fam when I got it  
I'll never be doin' below that  
So how they gonna hate when really they don't want it bad enough?  
They tweetin' all the time but really they just gon' be actin tough  
So tell me now who's up next  
If it ain't me then u suspect  
And they cut checks, and we gon' flex  
Imma be their favorite subject I'm the one

One is the loneliest number that you'll ever do  
Two can be as bad as one, it's the loneliest number since the number one

One is the loneliest number that you'll ever do  
Two can be as bad as one, it's the loneliest number since the number one

I know, I know, I know I'm ready to go and I'm getting' it  
Never comparing it cause I'm ahead of it  
Not in my head with it, they gon' be checking it while I be checkin' in ever  
y Benjamin got a dead president put in my pocket  
I pull up and rock it and pick up the profit  
I pull out the wallet, I know that I got it  
I'm never gon' give in, they been tryna block it  
But never gonna slow me down, everybody come around  
Pull up in a Benz-  
o, pullin' out bands, flowin' too heavy they gotta make dams  
Rockin' the camo be lookin' too deadly  
Been killin' the game you think I'm military  
They been actin' petty, they been temporary  
I told 'em already, they never gon' check me  
Like I'm rollin thru my lane nobody been within the distance  
And the game is Lois, lately I've been on my Stewie Griffin Neva missin' whe  
n I spit it I've been ballin' with no limit  
Told myself that Imma get it if I want it now I'm in it  
But I overcame, went through the pain  
Everybody lies and they all the same  
Talkin' bout the work and they got the game  
When it come down, man they all lame

And nobody got the talent, they just lookin' for the camera  
Man I hate these muthafuckas somebody tell 'em I'm comin' for the throne

They gon' hate in the beginning  
But they love u when u winnin'  
And I went and did it anyway  
They gon' hear about me every day  
They gon' hear about me every day  
They wonderin' what I been doin' alone but they know  
Everyone lovin' the flow  
They thinkin' they know me but nobody know me no more  
Livin' my life on the low  
They tellin' me what they would do but I know they don't know, They've never  
done it before  
They've never done it before  
Nobody talkin' had done it before  
I used to second-guess my thoughts  
Now we second-guessin thots  
I got my first accomplishments when all my second-guessin' dropped  
And now I'm tryna make a difference while we second-guessin' cops  
And just a few more seconds 'till your favorite album stops
