

# PRIME

Bazanji

Yeah  
I'm in my prime, one of a kind  
I put in the work, I put in the grind  
Don't go to bed 'cuz I don't got time  
I'm moving ahead, they falling behind  
Never been scared of taking a climb  
And I gotta get it, I can't be denied  
Nobody ever be dimming my light  
'Cuz I been a star it's my time to shine  
Already feel like I'm one of the best  
I beat all the odds, I'm playing roulette  
I don't want fame, I want respect  
I'm rockin' that Nike 'cuz I be getting a check  
Never seen nobody like me  
'Cuz there's not too many real ones left  
Everyone tryna fit in to the trends  
I just be living the way that I want 'til the end  
Kill it whenever I hop on the beat  
They showing me love since twenty sixteen  
Back in the day I came on the scene  
I was fed up now I'm living the dream  
Make sure my family good  
All that I care about, I don't need anything more  
Always been misunderstood  
They thought I was crazy until I pulled up in the Porsche  
Check out the resume  
The numbers don't lie, the boy getting paid  
I could retire today  
But I got a whole lot I still gotta say  
Who would've thought I'd make it this far  
The sky is the limit if you working hard  
I made the beat and I wrote the bars  
I'm in control and I been in charge, yeah

I've been in my prime  
Please don't waste my time  
Got the money on my mind  
I see dollar signs  
If I want it Imma get it  
If I said it then I meant it  
They be thinking it's a game  
This is real life

Tell 'em I'm making my way to the top  
I'm coming to take what's mine  
People gon' talk all day on the internet  
They be giving advice online  
I just keep doing me for three six five  
I'm never gon' pay it no mind  
What they gon' tell me 'bout my life  
That they done better in their own time  
I'm on a different level they can't relate  
I'm primetime like a heavyweight  
I been getting ready for the takeover  
I'm getting better on the day to day  
Got bigger goals, got bigger plans  
My brainpower is too advanced

I never left this shit to chance  
Been calculated like a math exam  
I'm pushin', I'm pushin' the pace  
My rollie got diamonds inside of the face  
My condo got views up over Biscayne  
This life got a price that you gotta pay  
Watching the sun rise over the ocean  
Thinking 'bout how I came a long way  
Never take nothing I earned for granted  
'Cuz I know it could be gone in a day  
The moment never too big for me  
My competition is me only  
The pressure making me more focused  
The world is mine like I'm Tony  
My idols turned into my rivals now  
I'm making noise they can't ignore me  
I'm coming up for their spot now  
'Cuz it's my time and I want the glory

I've been in my prime  
Please don't waste my time  
Got the money on my mind  
I see dollar signs  
If I want it Imma get it  
If I said it then I meant it  
They be thinking it's a game  
This is real life
