

# Pull Up

Bazanji

Pullin' up, pullin' up  
Shut it down when I'm pullin up  
Come around when I'm pullin up  
In my town and I'm pullin up  
Ready for, anything, anyone  
Know that I, get it done  
In a Benz I be pullin' up  
Tell ya friends cause I'm pullin up

Ready or not I be pullin' up  
Remember they said I'm not good enough  
I took all the energy, turned it to greatness now look at my life man It's lookin' amazing  
I'm ready for anything, anyone, I been so ready for everything I've become  
When I was stuck I had no other option  
Believed in myself when this shit wasn't poppin'  
I got it like that  
Who you know got it like that  
Who you know getting degrees and they rappin' like they got diplomas in rap  
Made it this far and I still got a lot to accomplish in fact  
And I know they believe it  
I'm talking arenas from LA to Sweden  
I never stop winning I feel undefeated  
I come to ya city and everyone

Pullin' up, pullin' up  
Shut it down when I'm pullin up  
Come around when I'm pullin up  
In my town and I'm pullin up  
Ready for, anything, anyone  
Know that I, get it done  
In a Benz I be pullin' up  
Tell ya friends cause I'm pullin up  
Pullin' up, pullin' up  
Shut it down when I'm pullin up  
Come around when I'm pullin up  
In my town and I'm pullin up  
Ready for, anything, anyone  
Know that I, get it done  
In a Benz I be pullin' up  
Tell ya friends cause I'm pullin up

Pull up I get what I want  
I need a million ones  
I need a couple estates  
To put all the haters back into their place  
Now bring in the bass, aye  
Ready for the big league  
Never gonna miss me  
When I'm on the TV  
I'm the MVP  
Whenever they hear me kill it  
They be comin' at me but I hit 'em with a pivot  
I been ready for this shit  
Never gonna, never gonna quit  
Pull up and I'm never gonna miss  
Everybody want it but I know I gotta get it

I've been dedicated to a life I know I gotta live  
Aye, I feel it comin'  
I settle for nothing  
I know what I need  
And it's more than the money  
It's more than the women  
Not easy to reach but I know that I gotta be

Pullin' up, pullin' up  
Shut it down when I'm pullin up  
Come around when I'm pullin up  
In my town and I'm pullin up  
Ready for, anything, anyone  
Know that I, get it done  
In a Benz I be pullin' up  
Tell ya friends cause I'm pullin up  
Pullin' up, pullin' up  
Shut it down when I'm pullin up  
Come around when I'm pullin up  
In my town and I'm pullin up  
Ready for, anything, anyone  
Know that I, get it done  
In a Benz I be pullin' up  
Tell ya friends cause I'm pullin up
