Bazanji

Yeah, yeah, yeah

She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Balenciaga all on her, yeah  
And when the sun go down you already know  
She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Christian Dior on her, yeah  
And when the sun go down you already know

She be lookin' shy, but she live it every night  
In the Three O Five, hit eleven, skip the line  
She ain't lookin' for a man, she ain't got a type  
Drinkin' 1942 Tequila every time, yeah  
She be makin' money off Instagram  
All the commas askin' her for the OnlyFans  
Now respondin' to the DMs, she won't give a chance  
She don't save it, only spend it, she don't give a damn, yeah  
She always got the Uber Eats on the way  
Hit that SLS, post a story on the page  
She be doin' what she want, she don't take advice  
Now when the day turn into night now

She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Balenciaga all on her, yeah  
And when the sun go down you already know  
She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Christian Dior on her, yeah  
And when the sun go down you already know

You can find her on the weekend at the Louis store  
She just spendin' time, don't know what she lookin' for  
Got a new apartment, livin' on the top floor  
She already got it all, but she want more  
She livin' in Miami, she love LA  
Sitting courtside at the Heat game  
She don't really care what the score say  
She just tryna get another pic for her page  
And she is not the type that's gonna lie to you  
Tell it how it is, she just say the truth  
Everybody wanna be a new thing  
But she lead you on for the free drinks

She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Balenciaga all on her, yeah  
And when the sun go down you already know  
She don't wanna stay sober  
Only twenty-one, and she drive a Range Rover  
Yeah, she always got Christian Dior on her, yeah  
And when the sun go down you already know
