

Seen It All

Bazanji

Ay

I done seen it all
I done seen it all
Told the team we ball
Big boss, Rick Ross
Too smart, Steve Jobs
I done beat the odds
Baz came with the bars
I cannot be stopped
I been, on one
I'm him, you not
Big bills, lump sum
I fell, you thought
I'm still, too hot
They wish, I'd stop
I done seen it all
I done seen it all

Whole time had my head down
Still seen what they said now
Lotta people tryna get rich
Just to post bout they got bread now
That ain't ever been my type
I been out here tryna hide mine
They be talking from the sideline
Star player like 24
That's Kobe Bryant back in '09
Think that I struck a goldmine
Always staying on go time
PayPerView like Showtime
I been, on one
Locked in going crazy
I got, no love
For the ones acting shady
Ain't nobody putting all the work in
How I do it all daily
I been focused on bigger things
Can't nobody say that they made me

I done seen it all
I done seen it all
Told the team we ball
Big boss, Rick Ross
Too smart, Steve Jobs
I done beat the odds
Baz came with the bars
I cannot be stopped
I been, on one
I'm him, you not
Big bills, lump sum
I fell, you thought
I'm still, too hot
They wish, I'd stop
I done seen it all
I done seen it all

I remember being counted out

Ain't nobody ever reaching out
Had to get it done all alone
Now they asking me for a feature now
What's new
Nothin' to me but it's somethin' to you
Made it here got nothin' to prove
Gang with me I could never lose
Somewhere exotic
Whipping something exotic
With someone exotic beside me
Been to the tropics, been a hot topic
Nowadays nothing surprise me
New me with a new drop
Seen the hate and I felt a lot
Everything look real different
And the view better when you at the top
Who you, not B, A-Z
Try me
All my moves perfect timing
No odds could do defy me

I done seen it all
I done seen it all
Told the team we ball
Big boss, Rick Ross
Too smart, Steve Jobs
I done beat the odds
Baz came with the bars
I cannot be stopped
I been, on one
I'm him, you not
Big bills, lump sum
I fell, you thought
I'm still, too hot
They wish, I'd stop
I done seen it all
I done seen it all
