They been tellin' lies, they been tellin' lies  
Watchin' how I move, watchin' how I move (watchin')  
I been keepin' track now

Yeah, you been so focused on me  
Damn, I think you forgot about you  
Feel like the G.O.A.T., I'm surrounded by sheep  
Damn, you been busy watching me move  
Pay it no mind, stayin' online  
If you been wondering, I'm doing fine  
Made a hundred fifty in a year  
I'm only 22, so don't pay me ya time  
Back with a track and I been movin up  
I'ma bachelor, but you know I been gettin' love  
And I'm back on my rap when my life gettin' tough  
I'ma master the craft and I never give it up  
I put in time, I earned the shine, I worked it out, I made it mine, it fell  
in line  
And I came a long way, not the wrong way  
Know that one day I'll be big as Kanye

I seen all the signs, I seen all the signs (signs)  
They been tellin' lies, they been tellin' lies  
Watchin' how I move, watchin' how I move (watchin')

Y'all been too busy flexin  
I been too busy not checking  
I learned my way from my lessons  
I earned my way from my blessin's  
Don't try to come take my possessions  
'Cause you know that I'm way too invested  
And I got some big plans  
And my life a story like Instagram  
Move alone, don't need a middle-man  
And I handle business, I'm a busy man  
Made a LLC, now I'm a businessman  
If you want a feature, you need fifty grand  
I been on my way to the top  
Been on my way to a flop  
I seen both sides  
Y'all really thought I would stop  
But I gotta pave out my way, I'ma take my time

I seen all the signs, I seen all the signs (signs)  
They been tellin' lies, they been tellin' lies  
Watchin' how I move, watchin' how I move (watchin')  
I been keepin' track now

Watch out for the snakes  
Watch out for the snakes, yeah (watch out)
