Bazanji

Yeah  
I do what I want, whenever I want  
Looking for me, I been on the run  
Hop on a plane to a new place  
I done it all but still not enough  
I want a crib that come with a gate  
I want a mil inside of my safe  
I want my fam to not work again  
So they can enjoy the rest of their days  
Nobody doing the things that I'm doing  
So it's getting hard for me to relate  
I just keep working and working and working  
Don't have any room that's left on my plate  
I got a vision that's bigger than most  
So I do not care whatever they say  
I'm keeping everyone with me afloat  
And Imma keep on riding the wave  
Been through the highs  
I been through the lows  
Nothing gon' change the man that I am  
Living the life I wanted the most  
I won't complain 'bout nothing again  
I pray that everyone reaches their goals  
So they can feel the words that I'm saying  
Ain't nothing better than living your dream  
Can't put a price on what I became, yeah

Movin' on the down low  
I be switching time zones  
The way that I been living  
Feel like I'm Soprano  
They can't slow me down though  
I get what I ask for  
The way that I been living  
Feel like I'm Soprano

Always thought I would live like this  
Got 5 stars every time I trip  
Betting on me and it always hits  
Come for the king and you better not miss  
One many army, I do it all  
They never thought I'd make it this far  
Ain't no way they stopping me now  
Stuck to the top so I can't fall  
Sun keeps shining and I keep winning  
Not online, I really be living  
All around the world I'm chillin'  
Getting my room at the top of the building  
Putting my phone on airplane mode  
Feeling the best when I be alone  
Need a massage every day of the week  
Get rid of the stress in my bones  
Already know where I'm headed  
I been on the journey, don't need no direction  
I got my attorney to bring all the bread in  
And I got my feet up while the sun is setting  
I take in the moment

Never gon' take it for granted  
Gave it a chance and I made it happen  
Focused on me, I don't need distraction  
Living the dream, I don't need a caption

Movin' on the down low  
I be switchin' time zones  
The way that I been living  
Feel like I'm Soprano  
They can't slow me down though  
I get what I ask for  
The way that I been living  
Feel like I'm Soprano
