# Stop Me

**Bazanji**

Aye
Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me
I'm boutta get up and do it again
Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me
I'm boutta get up and do it again
Who gon stop me

I got my soldiers I'm ready for battle
Taking what's mine, nobody can have it
I'mma keep winning it turn to a habit
Call me Criss Angel I make it look magical
I made the beat and I eat it like Hannibal
Don't got a label I still got the capital
They not competing with me I move tactical
Everything I do is effortless
Surrounded by snakes and a lot of 'em venomous
I never be putting myself in positions where somebody give me the relevance
I'm callin the plays like I'm LBJ
If they don't do enough they getting traded
They call me bro but we not related
I got my day ones that's I celebrate with

Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me
I'm boutta get up and do it again
Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me

I'm boutta get up and do it again
Who gon stop me

I put the food on my plate I'mma savor it
I don't leave nothing behind like I'm the one catering
My soul for the money won't trade it in
Already know that it's bigger than me
Never gon follow, I'm always gon lead
Never gon miss like Curry for 3
Never gon fall like all of the leaves in the autumn
I got the whole industry callin'
They wondering how I been doing these numbers
I told em the people be talking
And I put the studio inside the crib
So I don't ever go clock in
All of my weapons they been getting sharper
Life getting tough so I gotta go harder

Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me
I'm boutta get up and do it again
Who gon stop me
Every time I get in the ring
Feel like Rocky
I be the greatest
They be complaining
Who gon stop me
I'm locked in
A whole 'nother level
No one can top me
I'm boutta get up and do it again
Who gon stop me
