

The Cypher

Bazanji

Yeah, it's been a minute since I heard the laughter
Now I been working harder, smarter, faster with my homies after things that matter, tryna get up on top of the game like the master
I've been goin' and gettin' it doin it better but neva' gon' let up whenever I get up
But hold up, gotta roll up, gotta pour up that drink
They told us, gotta focus, got no time to think
Cuz the music is a drug and I'm addicted like the needle
It's not about the money, but I need it for my people
What's up and what's next, I been blessed, I need rest
I'm on stage, I'm all state, I'm self-made, but need checks
I'm still in school while ballin' out I guess you call that recess
I told 'em that I'm never gonna settle till I'm the best
Ok, go all day, like Kanye
I got plays I got A's, I rock J's, I do shows like Broadway
I'm telling everybody that I'm up next so give way
I'm Neva missing like I'm Curry and we playin' 2k what's up

Bazanji what-up, yeah
I brought it back just like a boomerang
Name a rapper who done came up, into the game
And barely said anything, but still blew up on some pooty tang Don't try to copy, I'm the only one that can do these things
Don't give a fuck what you be sayin'
Tryna bring me down cause you're not proud about what you became, I'm living like a movie, and nigga you be lame
And to top it off, um, your bitch sent me the nudies man
Real shit though, I still spit flows that will explode
I'm ill-sick-gross, like when you feel lymph nodes
So chill don't get close, don't worry 'bout me
I'm out in Brazil with hoes that most likely will get stroked
D-O-T we hold it down like P-O-P, y'all be O-C, I be lowkey chillin' with all my D-O-G's Gettin' treated like G-O-D's, yo bitch textin' me emojis
Off a fifth of some V-O-D-KA and I think I need more please
Run this shit like I see police, yeah
It's Castro bitch, DOT

And now I'm bringin' it back, bringin' it back Takin' my time and I'm killin it when I'm deliverin' that It's me and C Dot
No overthinkin' that
We rippin' that, pulled the plug on the haters, they neva gon' change us, we getting' paper like its deforestation
And I've been way up but I've been down
I feel gone but I've been 'round
I'm doin' all these numbers took a little while but I've been found
They tryna act involved but really I was on my own
And I was workin' every night while they were busy puttin' they're dick down like, damnn!
Get down it's my turn, it's my town
They turnt up, don't turn down, the hits now, it stay loud I went against the odds and every joker had their face out

But I was countin' cards and I've been pullin' every ace out
Don't say you know me, neva act like we're homies
They askin' for answers like this Sway in the mornin'
But Yeezy taught me better tryna stay foreva-eva
They've been feelin' all my hits like they were made for Hellen Kelle
r And I'm gone
