

Top Of The World

Bazanji

Aye
I been on top of the world
Getting these bands
Counting up M's
Getting my checks in the mail
Hundred percent
Saving my bread
I been on top of the world
Making my profit
Fly to the tropics
I been on top of the world
I been on top of the...

Made a promise not to break a promise
Like Tom Brady I'm too accomplished
I been loyal since day one
I never switched my crew is solid
I got my feet up in a private villa
Playing blackjack trying to beat the dealer
Need some time for a vacation
Might take a trip out to Anguilla
I headshot 'em like Leon
They been on Twitter like Elon
I never tell 'em what we on
And I'm primetime like I'm Deion
I don't care about the paparazzi
I move in silence like John Gotti
They been trying to bring the boy down
But nobody can stop me

I been on top of the world
Getting these bands
Counting up M's

Check my demeanor
I been drinking wine like the Catalina
I been keeping balance like a ballerina
They can never see me like John Cena
I'm too nice, got a new mic
I'm throwing bread like a food fight
My first thought is not to think twice
No squares in my circle like Klondike
I been official like I blew the whistle
They dropped the ball like a double dribble
Triple double you can check the numbers
I'm ballin' like out like I'm Luka Doncic
I been rapping for a long time
Like when Sean Connery was James Bondin'
Now they been trying to talk about me
Like I'm a trending topic
