

# Underwater

Bazanji

I've been trying to breathe underwater  
I've been trying to hide 'cuz I'm scared  
Confusing which is what from the other  
'Cuz it doesn't mean so much in the end  
I've been trying to breathe underwater  
I've been tryna breathe  
I've been trying to hide 'cuz I'm scared  
I don't know what to do  
Confusing which is what from the other  
But it doesn't matter  
'Cuz it doesn't mean so much in the end  
It don't mean nothing

Yeah, yeah  
I've been dealing with the lies  
I've been busy cutting ties  
From all the other people  
Who not giving me their time  
And lately I've been feeling like the only one behind  
'Cuz I'm always giving out but I'm never getting mine  
I always kept it real and had good intentions  
But people on the internet faking their friendships  
Tryna benefit when they see you progressing  
And quick to turn they back when they onto the next one  
A sad way to live  
I can't ever relate  
And nowadays I can't tell the real from the fake  
'Cuz everybody poppin'  
And everybody paid  
Til you see their real life and it never look the same  
I show 'em how I did it, I've been real authentic  
I won't ever tell a lie just to boost my image  
'Cuz I'm good where I'm at  
I don't need no gimmicks  
I just put away my phone enjoy the life I'm living, yeah

I've been trying to breathe underwater  
I've been tryna breathe  
I've been trying to hide 'cuz I'm scared  
I don't know what to do  
Confusing which is what from the other  
But it doesn't matter  
'Cuz it doesn't mean so much in the end  
It don't mean nothing

Aye, yeah, yeah  
The more that I do, the more that I believe  
Everything always goes how it's meant to be  
And I don't try to force nothing, I just let it breathe  
If it's out of my control then it's not for me  
To worry 'bout, I just let it play out  
I be living optimistic, I don't ever have doubt  
That it's all gonna work but I don't know how  
All I do is play my role til the curtain come down  
Yeah, I'm lucky that I never had to work 9 to 5  
But I put in all that time til my dream came alive  
The story never ends if you always gonna try

And I never let nobody ever tell me otherwise  
So if you really want it then you better go and get it  
'Cuz nothing gon' happen if you don't put in the effort  
The finish line never in sight when you be waiting  
So go enjoy the journey 'cuz there ain't no destination

I've been trying to breathe underwater  
I've been tryna breathe  
I've been trying to hide 'cuz I'm scared  
I don't know what to do  
Confusing which is what from the other  
But it doesn't matter  
'Cuz it doesn't mean so much in the end
