

Worth It

Bazanji

Been a long time comin'
Put it all down, put it all down for you
All or nothing
Ask myself, yeah yeah (Ohhh)
Was it worth it, was it worth it now? (Ohhh)
Was it worth it?

Yeah it was worth it cause I came up
I never changed up
Thought it made a lotta sense
And then I saw the pay stub
And now I'm paid up
I'm J'ed up
Ballin' with the legends like I'm K Love
I met a thousand people but nobody like the day ones
I write it, record it, promote it, then show it, they know it
Got the mind of a poet, I'm loaded and flowin' like oceans
When I come in you knowin' they zonin', they blowin', they on a Boeing goin'
while I'm whippin' in the foreign
Cause I'm foreign but I'm in it now
Never quitting now
Took a little while but my team winnin' now
My phone ringin' now
Yeah they told me I should slow it down
I should slow it down
But my mind is never restin', overload I can't control it now
It's been a long time comin'
A long time runnin'
I graduated college now it's all or nothin'
Man I could've been your dentist but I'm flossin' on my own
And I'm killin' every rapper and I'm comin' for the throne cause

Been a long time comin'
Put it all down, put it all down for you
All or nothing
Ask myself, yeah yeah (Ohhh)
Was it worth it, was it worth it now? (Ohhh)
Was it worth it?

Yeah it was worth it through the second guessin'
Learnin' every lesson
Turnin' nothing into blessings
Now I'm doin' everything I ever questioned
And I did it how I wanted
They chasin' while I run it
You're never gonna catch me like it's rainin' while I punt it
And I'm 20 but I'm feelin' like a milli
Papa had to move to Philly
Just to work and pay my billies
While I'm tryna sign a deal-y
And I know it's comin' soon
If I see it in my mind then it I know it's comin' true (comin' true)
(Boy you been on a roll)
Yeah you know I get it
(Where you wanna go?)
To the top is where I'm headed
(Okay vamanos)

I'm boutta spark up the ignition, I've been stickin' to my vision, 20/20 with the rhythm
(They gon' try to bring you down, try to tell you that you wrong)
They don't wanna see you shine
Cause they not confident alone
All the insecurity they got be spreadin' through the phone
That's why the people closest to you wanna block you from your goal, wussup

Been a long time comin'
Put it all down, put it all down for you
All or nothing
Ask myself, yeah yeah
Was it worth it, was it worth it now?
Was it worth it?
