Bazanji

Aye look at me now  
They cannot fuck with me now  
Yeah yeah  
I'm at the top of the mount  
Hop in the whip and I'm out  
Yeah yeah  
Go look around  
Nobody holding me down  
Yeah yeah  
I figured it out  
They gotta give me my crown  
Yeah yeah  
Aye look at me now  
They cannot fuck with me now  
Yeah yeah  
I'm at the top of the mount  
Hop in the whip and I'm out  
Yeah yeah  
Go look around  
Nobody holding me down  
Yeah yeah  
I figured it out  
They gotta give me my crown  
Yeah yeah

I never been fitting the model  
I did it my way and now they wanna follow  
Just give me my credit and we got no problem  
I working my way up I came from the bottom  
I look at my idols as enemies  
Don't give a fuck what you telling me  
I talked to God and he told me it's meant to be  
All of the money gon show you the jealousy  
Don't give a fuck cuz you not in my lane  
They wanna be me but we not the same  
Hop in the Bentley she hop in the Range  
My life is amazing I cannot complain  
Watch how I level up running the game  
Whole lotta shit that I cannot explain  
They see my kindness and take it for weakness  
I promise you don't wanna get in my way  
Yeah yeah

Aye look at me now  
They cannot fuck with me now  
Yeah yeah  
I'm at the top of the mount  
Hop in the whip and I'm out

I'm not letting nobody holding me back  
My shorty the baddest  
I give her the Birkin  
Cuz Imma go run it up getting the bag  
I spend it like crazy for all the times  
That I wanted the shit that I never could have  
I'm still independent they offering milli's  
But they want control I'm not giving 'em that  
Look at me  
I'm everything that they couldn't be  
I'm boutta fly out to Italy  
Getting the bread it's all new to me  
Don't be invading my privacy  
Cuz we on your head if we gotta be  
I ran out of trust  
Cuz too many times  
They looked at my face and they lied to me  
Yeah yeah
