

Doing Time

Bazzi

What's been keeping you
High?
Who's been wasting your
Time?
You were my pocket, pocket full of sunshine
Shine
Yeah, yeah, I never killed for you
But I've been doing time
Time
Yeah, aye, aye, aye, aye
Yeah, I've been doing time

We used to get together, share our sentimental thoughts
And lay inside this bed until the world was turning off
I used to get a check and spend on you after my shows
And now it's funny, like a stranger I don't even know
But who you know that knew you better?
Who you know that do whatever?
Who you know that almost drowned in that rainstormy weather?
All them other girls, whatever, but we know this for the better
But

What's been keeping you
High?
Who's been wasting your
Time?
You were my pocket, pocket full of sunshine
Shine
Yeah, yeah, I never killed for you
But I've been doing time
Time
Yeah, aye, aye, aye, aye
Yeah, I've been doing time

Can't get no peace of mind, yeah
We used to get together and make it all feel better
Wintertime in Michigan, give you my only sweater
I know I broke your heart, I get the way you feel
I do
It's been so hard to heal
It is
Can't take back what was real
'Cause I wanna be, I wanna be where you are
Tell me what you need, yeah
Now somebody else, somebody else is in your arms
So tell me

What's been keeping you
High?
Who's been wasting your
Time?
Yeah, tell me who's been wasting your time
You were my pocket, pocket full of sunshine
Shine
Yeah, yeah, I never killed for you
But I've been doing time
Time

Yeah, aye, aye, aye, aye
Yeah, I've been doing time

Yeah, yeah, yeah
Yeah, I been doing time
Yeah, hey, yeah
I been doing time
