

# Lost In The Simulation

Bazzi

I-  
I've been hoping, I've been praying  
We get together, do a little day in  
Shit just feel right, with she by my side  
I swear, uh-uh-uh, uh-uh  
So let's get fucked up, let's get wasted  
Take our clothes off  
I've been waiting to feel alright  
Don't it feel nice, I know, oh, oh

'Cause I've been gone  
Lost in the simulation  
I've been down  
I think the times are changing  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?  
Let's get drunk  
Let's lose it all in Vegas  
Let's go out  
Kiss me, I drive you crazy  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?

I'm just happy you're here again with me  
Diamonds on your neck, chandelier again, OMG, yeah

I'm going crazy, this shit is for real  
I like your body, I love how it feel  
She told me "Bazzi, the one that I love  
You at the top and there's no-one above  
Only one pulling this song in the club  
Loving your music and loving your drugs"  
Baby, I want you to know

'Cause I've been gone  
Lost in the simulation  
I've been down  
I think the times are changing  
(Changing baby, oh)  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?  
Let's get drunk  
Let's lose it all in Vegas (Losin' it all)  
Let's go out  
Kiss me, I drive you crazy  
(Crazy, baby)  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?

I wanna party, let's start a party  
I wanna party, let's start a party  
I want your body, I want your body  
So come put it on me, come put it on me

I wanna party, let's start a party  
I wanna party, let's start a party  
I want your body, I want your body  
So come put it on me, come put it on me

'Cause I've been gone  
Lost in the simulation  
I've been down  
I think the times are changing  
(Changing baby, oh)  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?  
Let's get drunk  
Let's lose it all in Vegas (Losin' it all)  
Let's go out  
Kiss me, I drive you crazy  
(Crazy, baby)  
'Cause it feel incredible  
Vibes are impeccable  
Ain't it incredible?
