

Somewhere In Between

Bazzi

Are you somewhere in between?
Are you living someone else's dream?
Are you lost out in the wild?
Well, I hope you find some peace of mind

'Cause the world keep turning and the smoke keep burning
And we'll all stay high tonight
Music turned loud and your feelings turn down
'Cause we just wanna feel alright
I tell you that I love you, but you'll probably forget it
Wake up in the morning, and we might regret it
And we don't really care where we're headed at all
So

Are you somewhere in between? (Yes)
Are you living someone else's dream? (Maybe)
Are you lost out in the wild?
Well, I hope you find some peace of mind, yeah, yeah

Baby life's too short to try and see it through a camera lens
I think that you're beautiful, you just need some different friends
'Cause everyone's a star in a movie that they're acting in
Waiting for the part when the good starts happening
We may never know what we're here for
But when you're in my arms, what's there to fear for?
I look into your eyes, and I wonder

Are you somewhere in between?
Are you living someone else's dream?
Are you lost out in the wild?
Well, I hope you find, some peace of mind

Well, I hope you find, some peace of mind
