

# Dead Opps

BBG Steppaa

Look like like like

We tryna bend through they block with a big ass Glock  
First one that I spot he got shot  
Them niggas in the crib hiding  
We tryna go find  
Swear to god they gone hate when I pop  
Badgunz dissing my pops boy use to get bitched  
But he stay tryna eat up the cock  
Bitch I ain't gay I like beating the box  
They be saying my name but ain't getting no guap  
D-U-B-A-N-D-S if you know then you know that's a big dead opp  
Lil Shark got hit ain't do leg shot  
Hit him all in his shit man I bet his head pop  
Like 12 put Bighead to a dead stop  
S3 crashed too another dumb dead guy  
So many deads they be dying a lot  
The smoke be in my chest man I'm frying a lot  
I don't diss first be replying a lot  
Niggas stay on my dick I'm just eyeing the clock  
Opp niggas diss and then die in the pot  
I won't cock it just shoot it red eye when I pop  
Put on designer I ain't have a lot  
Money ain't problems I won't let it stop  
Bitch I was wildin tryna fuck on a thot  
Slipped up and the dumb bitch gave up my drop  
Big die R's and it's fuck L\$  
Slide through the zone with my dick on the set  
Don't got a hood stay dick riding the Bet  
But it's good all thugs one hit say less  
Grab a mask and a glove and I love me a tec  
Tryna leave a opp nigga laid out like Hec  
Bitch I'ma throw if you don't bang the right set  
Watch someone get called when they give me that check  
You can get bro only aiming at neck  
When we score we want more screaming out who next?  
Caught in that store got beat out his sweats  
It won't happen again what he said but I guess  
But he wasn't the first man that shit not a flex  
They keep getting beat up man that shit gotta end  
Out of town with my feet up but still tryna send  
Want my opps to keep dropping again and again  
Know that it's more dead opps in the sky  
And them lil niggas up they ain't getting me high  
Brodie too tough how he thought I forgot  
Aye Haqir you know I'm smoking your pops  
Lord this beat sound familiar bitch this a response  
And that 40 gone do him we switched out the knock  
Brodie put 4 and [?] he paralyzed  
Lil dumb nigga probably got hit in his spine  
I used to be on Ellis all the time  
We gone fuck on his bitch niggas never outside  
Bro said he upping made him one and hide  
They ain't throw so the internet be all disguise  
Gotta realize niggas telling real lies  
Just to get by he ain't in the field why  
Brodie ain't tough he just a pill guy
