

Bullet Train

BBMak

This is the story, the story of my life
This is the story of, the story of my life
My life, yeah
All the colors that we dream in
All the voices we believe in
This is the story, the story of my life

Wherever you go, I'll always be around you
Wherever you go, I'll always be around you, 'round you
And it hit me like a bullet, hit me like a bullet, hit me like
a bullet train
And it hit me like a bullet, hit me like a bullet, hit me like
a bullet train

This is the story, the story of my life, yeah
This is the story of, the story of my life, my life, yeah
You can think or you can feel it
But you can't escape the feeling
This is the story of, the story of my life

Wherever you go, I'll always be around you
Wherever you go, I'll always be around you, 'round you
And it hit me like a bullet, hit me like a bullet, hit me like
a bullet train
And it hit me like a bullet, hit me like a bullet, hit me like
a bullet train

Hit me like a, hit me like a
Hit me like a bullet
Baby, you hit me, hit me like a bullet
Hit me like a bullet train
Baby, you hit me, hit me like a bullet
Hit me like a bullet train (Hit me like a bullet)
And it hit me like a bullet, hit me like a bullet
Hit me like a bullet train
And it hit me like a bullet, hit me like a bullet
Hit me like a bullet train
And it hit me like a bullet, hit me like a bullet
(Hit me like a)
And it hit me like a bullet, hit me like a bullet
(Hit me like a)
Baby, you hit me, hit me like a bullet
Hit me like a bullet train
And it hit me like a bullet, hit me like a bullet train

This is the story of, the story of my life
