Money this, money that
Money's everything
Money this, money that
Money's everything
Yeah

Yeah I'm sorry that I move slow
Frozen, so I drip slow
Ten toes down with the Uzi on the payload (Brr)
See the money, grab that money
Call that shit case closed (Ching-ching)
Zeros with the commas in the bank, I want this closed

B to the B, to the N, to the O, I got mon-

I ditch a deal, label said I have a mark on my back
I'm staying indie, opposite of lazy that's quite a fact
I pipe a rugby thot 'cause she be always throwing it back (Skr)
Knick-knack, patty whack, C-class, Jack Black
For ten, amateurs playin' on you still I got a headshot
Baby Bass Pro Shop, cold head, crock pot
Tweaking in the ballroom, had to hit the guap trot
Well, I'm glad I'm quite the hotshot

B to the B, to the N, to the O, I got mon-

Yeah, the hardest part is keepin' it
'Cause all I ever do is want more, more, more
'Till you saw me at the club
And throwing hundreds, ain't believing that
Was maybe sweeping it
This baby score, score, score
I'm a big bad down type out money, make it mass (Woo)
Had a race to a milli', well, bitch, I did it fast
Ha-ha-ha-ha (Huh)
I'll be honest, did it last
And your girl and I got chemistry she came and then she had it, yeah (Skrr)

B to the B, to the N, to the O, I got mon-

I got cheat codes, how to get freak hoes?
I sip tea, not coffee in a peacoat
Talk the echo, now I mix gin and tonics
I'll be honest, my life a comic
And it seems like when I flip a page, I get another bag
And I'm in another country and I'm somehow getting laid
I'm jumping around and yeah, she swag
I'm doing that, she getting paid
I do it again, I do it again, I do it again
This baby's rich, I'll pay

B to the B, to the N, to the O, I got mon-

Woah, woah
Found a lady and she's awesome
Go, go, find another, got an option
Oh, oh, yes, I started from the bottom

No, no (Hey, can I talk to you for a minute?)
I said please, baby, may I have you?
And you don't have to get me teased
Baby, I can see it from the far
I'm on my knees, baby
My last girlfriend suck my dick but slightly [?], baby (Huh, it's true)

B to the B, to the N, to the O, I got mon- (bbno\$, whoops)
