Baby no accomplice, every man for himself  
Tryna get my money, yeah, I'm really 'bout my wealth  
Pull up swingin' on me, can't you see I'm black belt  
Wonder why I be the only rapper 'bout my health  
If I'm not grinding, might as well put me in hell  
Labels chasing me 'cause I deactivated stealth  
Fuckin' hated school, I was saved by the bell  
Ain't so different from you, yeah, why can't you tell?

Cash in, cash out, consider it dealt  
Do this for myself, I ain't do it for the clout  
Never copy lanes, yeah, I took another route  
Always cause 'grains, never shared a bit of doubt

Fill my cup, and I watch you talk shit  
Never been an opp, and I've never been a bitch  
Be my guest, go burn your own bridge  
'Course I'm cold enough, don't need a new fridge  
Seems like every song you drop is a miss  
Drip too much, yeah, hydrolysis  
Really 'bout the cheese, yeah, Armenian Swiss  
Get my mom a brand new whip, I'm proud of the gift  
Pink-yellow piece of plastic, all up on my hip  
Twelve years later, you gon' show me to the kids  
Know my music timeless, I don't even need to risk  
Once I'm super rich I'll post with diamonds on the bed  
I'm always with the flu cause I'm ready with the shits  
Every song I drop, rare like it's deadstock  
Thot girls always putting me in an airlock  
Finally got some property, cop the boardwalk  
Big shows, internationally, even Bangkok  
Pop back from China with a big bag  
Got some money but I still check the price tag  
Numbers moving slow, so you'll have to blame lag  
700k on Spotify, this everyday  
Nerf strap, cock back, with a red dot  
Won't cap, drawn back, hear a gunshot  
Won't relax, no slack, hit the jackpot  
Posted at the top, why your bitch be mad, Scott?

Bad thoughts, all I got is bad thoughts  
I gotta make sure, they don't break me  
Bad thoughts, all I got is bad thoughts  
I gotta make sure, they don't break me  
Bad thoughts, all I got is bad thoughts  
I gotta make sure, they don't break me  
Bad thoughts, all I got is bad thoughts  
I gotta make sure, they don't break me  
Bad thoughts, all I got is bad thoughts  
I gotta make sure, they don't break me
