Song's so good, yeah, you thought I had a ghostwriter
Put my nick in her cage, she a ghost rider
In the Miami heat, I'm a flowrider
No whale on the tail, I'm a low rider
Where the cash at? Where the dough?
Where the assets? Let me know
Got a little bit? Give me more
Get your, get your, get your, get your

Get your money up
Get your money up
Get your money up
Get your money up
Get your—
Bag the fuck up, bag the fuck up
Bag the fuck up (Sit your ass down)

Baby, you just need to get your bag up (Bag the fuck up)
Happy when you do something you're proud of
When you're barely naked, that's my favorite (That's my favorite, that's my)
Now we up and shining, and they hate it
Baby, you just need to get your bag up (Bag the fuck up)
Happy when you do something you're proud of
When you're barely naked, that's my favorite
Now we up and shining, and they hate it

Get your money up
Get your money up
Get your money up
Get your money up (Get your, get your)
Get your money up
Bag the fuck up, bag the fuck up
Get your money up

Bag the fuck up, bag the fuck up, bag the fuck up
Get your money up (Get your, get your)
Bag the fuck up, bag the fuck up
Get your money up (Get your, get your)
Bag the fuck up, bag the fuck up (Sit your ass down)
