Blizzard on my wrist, nah  
Bentley as the whip, nah  
Spend it on a bitch, nah  
Think I'll ever quit, nah  
Nah nah, nah nah  
Nah nah, nah nah  
Nah nah, nah nah  
Nah nah, nah nah  
Made 6 tracks, 6 hits  
Lean I never sip so watch me take a massive shit  
I have to bust down on her tit  
I'm really careful, don't want a kid  
I'm already really quite the kid  
I need the drip, I gotta dip bitch

I'll use a pencil to sit ya ass down  
Speaking like a clown when you come around my playground  
I need some Timmy Tams bars covered in chocolate  
I won't chew up the xans  
My mind straight on them bands  
I got an ego big enough to talk to the world, hello  
I got a single question for you, where is your girl?  
She wit me, off the Whitney  
Houston, hella fans in Houston  
Bar so dangerous like who the hell you 'ccusing  
Why she using, me?  
Cuz I'm Swiss, I got some cheese  
Liar liar pants on fire speaking guapanese  
Wait, why is she on her knees?  
Stand up please, wearing double c's  
Fuck school done with double D's, gold teeth  
Triple fees, always dropping heat, need the wheat, with the yeast  
Make the bread, make the keesh, recipe  
Half a cup of clout, half a cup of white  
Then you got yourself a cloutchaser delight

Blizzard on my wrist, nah  
Bentley as the whip, nah  
Spend it on a bitch, nah  
Think I'll ever quit, nah  
Nah nah, nah nah  
Nah nah, nah nah  
Nah nah, nah nah

Gotta dip bitch less we talking business  
Glance at wrist wrist, sorry boy your dismissed

You know that I'm global  
I need my money, all focal  
I want to sleep on some opals

I said  
I'm really not that social  
Your lady thought I was noble  
So took her to my opals  
Then she really hit them yodels  
My name is bbno\$ I'm slightly anecdotal  
Hold the photos, check my vocals, slightly nosal  
Check the total  
Need the profit, up my rocket, pray to your self I don't cock it  
Thottie asking me like baby please can you come home to cock it  
Wow, are you hearing what she's asking me?  
I'm feeling like flower, girlies use me like a bumblebee  
These hella basic ass bitches heard there's protein in their broccoli  
I'm always mumbling shit but I stay making these hits inaudibly  
I'm not gonna finish this verse
