I'll date an actress if it means that she knows how to play her  
role  
She'd call me up just to tell me she never really liked my joke  
s  
I fuck my life up for the show cause I'm afraid of going broke  
Call my mom, say I love her cause she worries when I'm on the r  
oad

Money makes us feel like we can almost live forever  
And we use it as a cure, but it don't ever make us better  
So I'm iced out, walking 'round the neighborhood, it's sweater  
weather  
Yeah, this high is temporary, but these diamonds are forever

Yeah, these diamonds are forever  
Yeah, these diamonds are forever

Archineck twins up on my floor playing mahogany and oak  
I ordered tuna over rice and somebody told me it's "Poke"  
I had no idea how much LA people loved to hit the slopes  
Once my name popped up on these screens, they started blowing m  
e like smoke

Money makes us feel like we can almost live forever  
And we use it as a cure, but it don't ever make us better  
So I'm iced out, walking 'round the neighborhood, it's sweater  
weather  
Yeah, this high is temporary, but these diamonds are forever

Yeah, these diamonds are forever  
Yeah, these diamonds are forever
