Baby
Falling forever, I'm gone
Falling forever, I'm-
Baby
Falling forever, I'm gone
I'm gone

Bring it on
I never thought we'd get along
I gotta stay moving on
Sorry that you felt so strong, I didn't mean to do you wrong
The constant lack of confidence would take more than a toll
Time and time again, it is so painful

Why does making money make me feel so sad
Everybody round me always acting so crass
I hope my future past won't be a blur
Do not remind me of something we were
If it's money or the girl, I'm gon' leave her tonight, tonight

Baby
Falling forever, I'm gone
Falling forever, I'm-
Baby
Falling forever, I'm gone
I'm gone

Keep myself at bay, yeah, every day, the only way
Keep my attention drawn, yeah, off and on, I'm so forgone

Baby (Baby)
Falling forever, I'm gone (I'm gone, gone, gone, gone)
Falling forever, I'm-
Baby (Yeah)
Falling forever, I'm gone
I'm gone
Baby (Baby)
Falling forever, I'm gone (I'm gone, gone, gone, gone)
Falling forever, I'm-
Baby (Yeah)
Falling forever, I'm gone
I'm gone, so gone
