

# it gon'last

bbno\$

I got bands, they multiplying  
They gon' last, they gon' last  
And my cash is exponential  
It gon' last, it gon' last

Feel great, I feel good, there's no doubt (Doubt)  
Labels on the phone always asking how (Huh)  
'Cause you know I never take a handout (Nah)  
Getting money, yeah, that's what I'm about (Skrرت)  
I need a big ass bag (Fill it up)  
Doing drugs, it's a little red flag (Uh-huh)  
Getting money is what really motivates (Uh-huh)  
And that's coming soon, lemme guesstimate

And I never would have thought it would work at all (It would work at all, it would work at all)  
Yeah I never would have guessed that I'd get this far (That I'd get this far, that I'd get this far)

But I got bands, they multiplying  
They gon' last, they gon' last  
And my cash is exponential  
It gon' last, it gon' last

So let me lay low, I got money now  
Add a zero, I just hit my vows  
And I'm thankful for where I'm at now  
Where I'm at now, yeah, yeah  
So I did this for myself, you got nowhere with a handicap  
Reset all the cooldown keep my CC, cold snap  
Hungry for the cheese, even snag it off a mouse trap  
Tryna lift the game up but I'm worried for my kneecaps

And I never would have thought it would work at all  
Yeah I never would have guessed that I'd get this far

But I got bands, they multiplying  
They gon' last, they gon' last  
And my cash is exponential  
It gon' last, it gon' last (Forever)

Yeah, yeah, yeah, yeah, yeah  
I got money now  
They gon' last, they gon' last (Forever)  
Yeah, yeah, yeah, yeah, yeah  
Hahahahaha  
They gon' last, they gon' last (I'm rich as fuck)
