Litmas

bbno$

Uh, bbno$

Got a little bit of cash I'm tryna grab some more
The rap game bout to fall apart, I'm sayin' dominos
You sussy boy you ain't saving no cash, you half stone
I heard of bossy bitches begging me to run a show
Yeah it's litmas, never fuck with Christmas
Kids now love the blizzard
Yeah it's litmas, don't need basic bitches
Doing all my dishes
Yeah it's litmas, don't be chillin' with snitches
Flauntin' all my riches
Yeah it's litmas, sussy boy want business
Do not test my limits, bitch

When I smash your girl until you're down that decency
Got bout no cash in my bank, you can not flex with me
I'm making daily hits with lzr, we got synergy
When my shit blows up, you better stand away from me
Your pitiful, my bars be dangerous, they hit like critical
Analytical, I'm studying these beats, they minimal
But I don't give no fucks about no school shit (school shit)
All these kids just wanna hear bout tool shit (tool shit)
I don't know bout you I got few fans and they like flow me
I don't know bout you but others used to make like fun of me
Honesty, I'm speaking modestly, your shit is subpar
Sounds like yesterday you just learned all your ABCs
My mommy told me learn a language course, I'm taking Guapanese
All these big producers want to sell me beats now, fuck a lease
I'm out here drinkin' Kirkland brand, I really want some Hennes
y
Two-oh-seventeen, the year of baby, ain't the best of me

Got a little bit of cash I'm tryna grab some more
The rap game bout to fall apart, I'm sayin' dominos
You sussy boy you ain't saving no cash, you half stone
I heard of bossy bitches begging me to run a show
Yeah it's litmas, never fuck with Christmas
Kids now love the blizzard
Yeah it's litmas, don't need basic bitches
Doing all my dishes
Yeah it's litmas, don't be chillin' with snitches
Flauntin' all my riches
Yeah it's litmas, sussy boy want business
Do not test my limits, bitch
