Ayy

Cup of lean, huh, ain't my cup of tea  
Whippin' in the foreign, can't you see my dash mahogany? (Skrtrt)  
Glad my diamonds got some rubies, it's a harmony  
I'm tryna flex on all y'all but I'm wonderin' what it's costin' me  
One year, one chain, four to 40k  
One year, thirty shows, all this foreign pay  
One year, big plays, just another day  
One year, six digits, save it all the way

I'm never ever bored 'cause my mind on them boredoms  
I'm already on that wifi shit, your ass is corded, yeah  
New cities, ten shows, new hoes, old clothes  
Wonder if I had a key, I've never seen the door close  
I gotta start investin' this money  
Addin' all these zeroes, huh, this how I study  
Yeah, I'm married to the guala and I'm glad her eyes green  
I really like my coffee, I ain't wastin' no cream, yeah, ayy
