Hurricane wrist, got some diamonds goin' brazy
Boutta bounce bass like a rack, I ain't lazy
Might just pull your mommy cause I heard she want my gravy

Actin' like a misfit
She's really 'bout the distance
Have you seen my thrift fits
Yo wrist gave me the 'sistance
What'chu want for Christmas
Deliver you some litmas
Mumbling prolific, but I'm studyin' linguistics
Mommies in my place, I do not really know log-istics
Why yo future thot be tellin' me I'm narcissistic
They [?] kinda futuristic
Yo baby slow down

Girls got badder when we blew up
Use ground floor, now we gotta shoe up
Now I want more, bb just flew up
He bought three girls, all three knew us
Hype gotta hush, whole lotta crushin' goin' on
Everytime we come up, blushin' goin' on
Roll up to the spot, White Russian on my arm
Slippin' and they slidin' and they tuggin' on my arrrrr
Whole army
And they thick thick thick cause I'm charmin'
Tryna click click click, I'll be honest
Tryna hit hit hit I'll be honest
