Got her bouncing up and down like a pogo stick

I took a flight home to Puerto Rico
I got an ego, she said she knows so
She want my mojo, she classy, Soho
Point to Home Depot, she want my pogo
She want that, she want that
She want that, she want that
She want that, she want that

Oh my God, this beat is sick
Got her bouncing up and down on my pogo stick

She want that
She want that

Yeah I'm up in the club, telling her it's love
I don't give a fuck, I see money from above
I'll make it rain, I'll make you wet
I'm playing games, I'll make you sweat
She said my moves are kinda crazy
I said bet, bet, bet, bet, bet

I took a flight home to Puerto Rico
I got an ego, she said she knows so
She want my mojo, she classy, Soho
Point to Home Depot, she want my pogo
She want that, she want that
She want that, she want that
She want that, she want that

Oh my God, this beat is sick
Got her bouncing up and down on my pogo stick

She want that
She want that
Hold on, I'ma count to eight real quick

One, two, three, four, five, six, seven, eight
Girl so fine, I might not masturbate
Brain so good, I don't want to educate
I made Pornhub, you use Chaturbate
Don't got smoke, but boy I can hit it right
Life a damn movie, Attenborough might narrate
Make your mommy sing, call me baby no serenade
She gon' slap my meat, huh, baby no marinade
All my new shit somehow an antique
Feel real French with a fufu Patek
Made so much doing nothing just last week
Baby really going out, bitch you won't pass me
Dick kinda small but I got good technique
Horny in the stu with the boys, I'm gonna peak
Every single Wednesday, my bank gon' tweak
On my rich boy shit, yeah get them to the Greek

I took a flight home to Puerto Rico
I got an ego, she said she knows so

She want my mojo, she classy, Soho
Point to Home Depot, she want my pogo
She want that, she want that
She want that, she want that
She want that, she want that
She want that, she want that
She want that, she want that
She want that, she want that

Oh my God, this beat is sick
Got her bouncing up and down on my pogo stick
Got her bouncing up and down like a pogo stick

She want that
She want that
She want that
